Activity 7

### Presenting an overview of BSB963 “Protect-Streams-4-Sea” Project

George Zaimes, the Project Coordinator of the “Protect-Streams-4-Sea” project presented an overview to the master students of the Man & Water Program of the International Hellenic University ([http://manwater.teiimt.gr/?page\\_id=1349&lang=en](http://manwater.teiimt.gr/?page_id=1349&lang=en)) on April 24<sup>th</sup>, 2021 that was held online.

The oral presentation provided a brief overview of the “Protecting streams for a clean Black Sea by reducing sediment and litter pollution with joint innovative monitoring and control tools and nature-based practices” project.

Eight students participated in the seminar that showed great interest in the project since they got ideas for future thesis but also interest to participate in the project as researchers.

“This presentation has been produced with the financial assistance of the European Union. The contents of this publication are the sole responsibility of the Project Coordinator George N. Zaimes and can in no way be taken to reflect the views of the European Union.”
